B a n g a l o r e.

SIR,

I have the honour to inform you that the present system of managing the workshop of the Chamarajendra Technical Institute, Mysore, with the help of temporary foremen, who are paid daily wages has not worked satisfactorily and the Managing Committee of the Institute, have therefore recommended the appointment of two foremen in the permanent establishment of the Institute, on the following scale;-

One foreman for Machinery workshop Rs.40-2-50.

One foreman for Carpentry Workshop Rs. 35-3-50.

It is not possible to secure the continued services of skilled workmen on daily wages, as they readily leave when higher wages can be had elsewhere even for temporary periods. I therefore request that Government may be pleased to sanction the above appointments and permit me to include them in the Budget for 1915-16.

I have the honour to be,

Sir,

Your most obedient servant,

M Shama Rao

Inspector General.

SIR,

With reference to your letter No.1814/Edn.17-14-14 dated 5th December 1914 calling for certain information regarding the wages now paid to the foremen employed temporarily at the workshops of the Chamarajendra Technical Institute, Mysore and the qualifications of the permanent foremen proposed, I have the honour to forward herewith copy of letter No.944/220 dated 21st January 1915 from the Secretary, Chamarajendra Technical Institute furnishing the information called for.

I have the honour to be,

Sir,

Your most obedient servant,

TNR.

Letter No.944/220 dated 21st January 1915 fr cretary. Chamarajendra Technical Institute, Mysore, to the Inspector General of Education in Mysore.

- - - -

With reference to your docket No.10481/648 of 17-12-1914, I have the honour to inform you that the temporary Foremen have been drawing from Re.1-8-0 a day to Rs.40 per month. The average monthly earning at Re.1-8-0 was about Rs.40 as also in the second case. But for some time the place was vacant, one of the Cabinet making Instructors looking after the work with an allowance of Rs.10. Now the temporary Foreman of the Machine branch gets Rs.40 a month and an allowance of Rs.5/is being given to a cabinet making Instructor for looking after the Carpentry section.

The employment of two permanent Foremen, one for the Machine branch and the other for the Carpentry branch, has been found absolutely necessary, as services of one man who is an expert in both the branches of Industries cannot be secured and it is also not practicable for a single person to manage both the workshops at the same time without prejudice to either the one or the other.

Regarding the qualifications of the men to be appointed, only a man who has put in a practical work of at least 15 years in a recognised workshop will be employed for the machine section; the place of Foreman of the Carpentry branch will be given either to any of the Cabinet making Teachers or to any carpenter who has served for 10 years in a cabinet making firm.
